It was moved by Committee Member Wojciechowski, duly seconded, and passed by a roll call vote of 12-0, (Committee Members Levine and Hamilton absent), to approve the financial report as presented.

6. Committee Reports

a. Southern Arizona Veteran's Affairs Health Care System (SAVAHCS)

Jennifer Gutowski, Director of SAVAHCS reported they were finally seeing the Covid-19 numbers going down and stated they would continue to watch those numbers closely due to the Gem Show and the upcoming Rodeo Parade. She said with seeing a downward trend, it has allowed them to move forward with those deferred elective surgeries.

Ms. Gutowski stated their Mental Health Residential Rehabilitation Treatment Program would begin at the end of the month and were anticipating being able to start admissions again for the Blind Rehabilitation Program, beginning on February 14.

Luke Johnson stated an invite had been sent to Veterans inviting them to the SAVAHCS Virtual Veteran Resource Fair and Town Hall to be held on Thursday, February 10 from noon to 1:00 pm. He said the Town Hall would cover information on the following items:

- SAVAHCS Suicide Prevention Program
- SAVAHCS Whole Health Program
- Tucson Vet Center
- SAVAHCS Health Promotion and Disease Prevention
- Woman Warriors

Discussion followed; no further action taken.

b. Tucson Veterans Cemetery

Committee Member Louis stated he had not received anything to report on the Marana Cemetery.

c. Arizona Department of Veterans' Services

Committee Member Louis stated as an agency, last month they saw right up under 5,000 Direct Services, which were considered anything from a telephone call; an appointment by email or fax; anything they would have had responded to. Mr. Louis said 182 claims were submitted from Veterans in Arizona and 82 of them were from within the Southern Region. They had been looking for itinerarary sites, which would allow some of the veterans to have the in-person visits. He said currently they were only functioning out of the Green Valley American Legion Post 66 and hoping the same could take place at the Tucson Veterans Center. Mr. Louis stated they would be participating in the Stand Down event, so if anyone needed to file a claim or had any questions related to benefits, they would be there for support.

7. Military Lounge/Operation Exodus Update/Discussion – Jessie Allen

Jessie Allen, Director of Marketing Communications and External Relations for the Tucson Airport Authority (TAA). Ms. Allen stated they oversee the Tucson International Airport, Ryan Airfield and of course their great Military Lounge. She said Operation Exodus went extremely well, stating more than 3,000 soldiers had flown through over a 2-day period, both through the push and the pull. She said they were very fortunate to have their warm welcoming volunteers who were badged and able to go to post security, which is where everything was done from.

Ms. Allen stated they received great feedback from Fort Huachuca. There was more food and drinks than needed and very happy with the success. She said all of their airline partners were extremely helpful in the process of getting gate passes for the Fort Huachuca folks and were committed to continuing having Operation Exodus come through Tucson International Airport versus Phoenix Sky Harbor. She said it was a big win for them and the community to be able to send home and welcome those soldiers as they traveled for the holidays.

Ms. Allen stated they were in the process of hiring a full-time Community Relations Administrator to oversee the Military Lounge on a full-time basis. Since January of 2020, Craig Reck and herself had been switching off and on, as they were the only two people in the Department. She said they were needing the help since more military members were going through the airport recently and helping provide space for them to gather and helping with all their travel plans getting to and from the airport.

Ms. Allen said as for donations, they had seen a decrease of funding from the community, but as the Committee knew, the TAA fully funds the Military Lounge. She said the Military Lounge was good with food and drinks, which was left over from Operation Exodus, but they were going to do a little bit more of an active effort once they got the full-time person on board. She said they try to remind the community that they have a Military Lounge, which was in great condition, thanks to the Community

and the Veterans Affairs Committee and have received the most positive comments. She said hopefully they would be a little more visible with their efforts on the Military Lounge once the position she spoke of earlier was filled.

Committee Member Byron said everything she touched on was what Chair Hamilton wanted to discuss with them, so they were looking forward to picking a date and time for a virtual meeting to discuss the Military Lounge because it was a big part of the Veterans Affairs Committee.

8. Four Chaplains Memorial Ceremony Update/Discussion

Committee Member Byron thanked everyone that participated at the Four Chaplains Memorial Ceremony, and she felt the service went smooth. They did have some internet connection issues with Facebook, so there were three separate posts of the ceremony. She said next year was the 80th Anniversary and Chaplains, Inc. expressed an interest to be heavily involved. They would like to have as many World War 2 Veterans to attend as possible so the planning will begin sooner for next year's event.

Discussion followed regarding younger Veteran's involvement.

No further action taken.

9. Pima County Information on the number of Homeless Veterans in the HMIS System Update/Discussion - Cliff Wade

No report was given. Item to be brought back March 2022.

10. Consideration for membership application to the "Unified Arizona Veterans" Organization Update/Discussion

Committee Member Wojciechowski stated he did not have any more information other than what he had presented at the last meeting. He said he sensed the committee was not really interested in joining the UAV since several other Committee Members were already a part of the organization. He felt it was essential that they at least stay in contact somehow and receive copies of the UAV minutes and some of the items that they deliberate on, in case something came up that provided meaningful input to the Veteran's and the Tucson areas.

Committee Member Byron said she was under the impression that the City Clerk's Office was investigating whether the VAC could become a member of the UAV.

Ana Marrufo, City Clerk's Office, Management Assistant, gave the Committee some information and feedback that she received from the City Clerk. She mentioned that because the UAV actively monitors proposes and endorses some other Veteran related legislation and the VAC had to confer with the Mayor and Council whether to support or oppose legislation, it was best the committee could not issue its own opinions on behalf of the City of Tucson.

**Legal Action Report

Ms. Marrufo said they noticed that Committee Member Aguirre was already a member of the UAV organization and as a Committee Member he could provide feedback regarding the UAV meetings, including meeting minutes and other pertinent information to the VAC as Committee Member Wojciechowski had mentioned earlier.

Ms. Marrufo stated the VAC, as a part of the Mayor and Council subcommittee, they could not pay the \$25.00 application fee to be part of the UAV organization.

Discussion took place, this item to be brought back to March 2022.
