### **3. Review Data and Develop Commission Recommendation**

The Commission continued their review of data and developing their recommendation.

The Commission as a whole discussed soliciting input from the public and community stakeholders in order to more effectively draft their recommendation. Suggestions discussed were news releases, community surveys, and meetings with Mayor and Council offices.

A question was brought up regarding whether it was within the Commissions' purview to solicit community input. Jesus Acedo, City Clerk's Office, explained that any information or feedback obtained from the community should be viewed as all other material provided to the Commission; as an aid in drafting their recommendation.

It was requested for the next Agenda to include a call to the audience, consideration and discussion of public input and a presentation by the City Attorney's Office.

Discussion ensued, no formal action was taken.

### **4. Adjournment**
