No action taken by the Police Board on this Fire Item.**4. FUND/OFFICE INFORMATION**

- FY 2024 Board Office Budget

Mr. Jesse presented the FY 2024 PSPRS Local Board Office preliminary budget request. He told the Police and Fire Boards this first draft was for discussion only. No action was to be taken at the meeting.

Mr. Jesse stated he included two columns that were used in the budget request for last year. He said one was the budget request developed by the Local Board office and the other was the budget request generated by the City of Tucson budgeting system. He explained the key difference was the City of Tucson budgeting system calculated personnel costs as if Ms. Horn was a full-time employee. The Local Board office calculated personnel costs using her actual 50% FTE status. Ultimately, the Police and Fire Boards adopted the version developed by the City if Tucson budgeting system for 2023.

Mr. Jesse commented that he also presented two columns for the FY 2024 budget request – one reflected the calculations developed by the Local Board office and the other reflected Mr. Jesse’s “best guess” as to what the City of Tucson budgeting system would generate. He noted that he added an item to the version developed by the Local Board Office – “Printing, Photograph, Reproduction”. That is because there were no board elections held in the current fiscal year. There will be in the elections in the next fiscal year. The previous amount budgeted in board election years was \$1,200. Mr. Jesse said he had increased this to \$1,500 in anticipation of higher costs. He said he also increased two other items. Office Supplies was increased from \$1,450 to \$1,600 and Postage was increased from \$450 to \$500.

Compared to the current budget, the new budget shows an increase of about \$14,000 primarily attributable to personnel costs. This reflects pay raises the City of Tucson implemented.

Mayor Romero asked if the right most columns for preliminary budget should read FY 2024 instead of FY 2023. Mr. Jesse confirmed there was an error and it should, in fact, read FY 2024.

Mr. Jesse said since the board had no questions or comments he would work on gathering further information to prepare a possible final version for the next meeting.

- Organizational Structure Change for PSPRS Board Office

Mr. Jesse called the Police and Fire Board members' attention to the email he had received from Johanna Hernandez regarding the organizational structure of the PSPRS Local Board Office.

Mr. Jesse provided some background before moving into the details of the email. He explained to the Police and Fire Boards that the PSPRS Local Board Office budget had resided within Tucson Fire department until the current fiscal year. Effective the beginning of the current fiscal year, the PSPRS Local Board Office budget was moved to the General Government budget. However, that was the only move. Operationally, the Local Board Office remained part of the Tucson Fire organization – it was simply being funded by a different source. Tucson Fire still provided HR support, payroll support, and other support as needed.

The email indicates the new Workday system requires every employee sit in a supervisory organization. A supervisory organization structure does not exist within General Government. As position control is established in Workday, a decision was made to move Local Board staff positions to the Pension and Benefits supervisory organization under the civilian retirement plan administration. The email goes on to say it is not expected this would change anything about day-to-day operations or program management. Physically, the Local Board Office location would not change. It would remain within Tucson Fire headquarters.

Mr. Jesse did not know if this restructuring, for Workday purposes, would alter the workflow as to who provides the Board Office staff with human resource, payroll and other support.

Mr. Weber said that the Local Board Office is unique in that the Police and Fire Boards set the office budget, handle the hiring/firing of staff, set rates of pay for staff, and review the performance of their employees. He said that although budgeting and finances will stay under General Government, he would like to have a suggestion, from the Boards, that the supervisory organization remain under Tucson Fire, likely with Chief Lew Harris, as it is his team that currently provides support. He said all support and communication for day-to-day activities should be housed in the same place as the Local Board Office.

Mayor Romero asked Ms. Rosenberry for an explanation as to why the changes were made. Ms. Rosenberry said that her understanding is that Workday functions as the financial accounting and human resource record keeping systems. It is not

meant to govern daily activities. The reason for the change was so that budget and cost is accurately captured under the pension cost center and not the Tucson Fire budget.

Ms. Rosenberry was unsure if the Local Board Office can remain under Tucson Fire for this reason, but would verify if the system was able to process a Tucson Fire supervisory organization assignment, then let the Police and Fire Boards know.

Mr. Bossé suggested tabling the topic until further information could be obtained. The boards agreed and will continue to discuss at next month's meeting.

- Miscellaneous / Other

There was nothing raised for discussion under this agenda item.

5. ADJOURNMENT

The next regular meeting of the Tucson Police and Fire Public Safety Personnel Retirement System Boards is scheduled for **9:00 a.m. on Thursday, April 6, 2023** in Fire Central **Room 262**, Tucson Fire Department, 300 S. Fire Central Place, Tucson, AZ.

Mr. Fimbres adjourned the Police Board meeting at 9:41 a.m.
