

Saguaro National Park invites you to

Parks For All

An initiative that seeks assistance from subject matter experts to better understand how we can make Saguaro NP a more inviting space for ALL abilities.

Please join us at Saguaro National Park (WEST) for a brief presentation on our ongoing efforts to better inform future updates to our facilities—including trails, signage, digital platforms and ranger led programs.

Your input will be invaluable to this initiative.

Park staff will also provide an informational tour on what is already available for visitors with disabilities.

Date: Thurs. January 15th from 1:00 - 2:30 PM

Address: (WEST) Red Hills Visitor Center 2700 N. Kinney Rd., Tucson, AZ 85743
