<b>2. Call to the Public.</b>	<b>10 min/6:10</b>
Opportunity for the public to address the TPCBAC. Due to time constraints, the total time allocated for this item is 10 minutes and all individuals will be limited to 3 minutes each.	

If additional time is needed to address a particular issue, it may be considered for addition to the agenda at a future meeting. Additionally, comments from the public submitted to our website will be shared anonymously.

Updates on any Emails to TPCBAC.

### **3. Updates from Law Enforcement.**

**10 min/6:20**

Status report from the Tucson Police Department (TPD) regarding any recent or upcoming bicycle-related actions or activities. Questions for TPD representatives.

(BAC Chair leads the discussion)

Discuss also recent accidents on Hawk signals (see last two meeting, where Law Enforcement not present).

Law enforcement to stay for next agenda item.

### **4. Discussion Regional Transportation Authority (RTA) plan min/6:30**

**20**

Melanie Lawson (PAG) to return for January meeting to continue discussing Regional Transportation Authority plan (to be considered by Tucson City voters March 2026.)

For context: Regional Transit Authority (RTA): Discuss whether BAC will take a position on the vote (March 10, 2026), to extend the .05 cent sales tax (\$15 million annually) to continue funding RTA. Concerns were raised during the last BAC meeting that RTA (in the past and potentially in the future) did not adequately take the concerns of bicycle infrastructure and safety into account as it should have.

(BAC Chair leads the discussion)

### **5. Discussion on whether BAC should/can respond regarding RTA**

**5 min/6:50**

Continuing previous discussion (and especially insights from James Wood) on whether we as BAC could and should to provide some statement regarding RTA, e.g., ensuring that if it passes, that the designate portion for bike infrastructure is spent accordingly.

James Wood will lead the discussion

## **8. Discussion AZ SB1008 | BillTrack50 / Speed Limit Laws** **20 min/7:15**

This bill proposes multiple aspects that (based on last meetings initial discussion) appear neither practical nor enforceable, furthermore will impact responsible cyclists in a negative, unreasonable manner. Speed limits discussion also happened in the Loop committee recently.

More extended discussion today including additional background provided by BAC members.

Potential preparation (and eventual vote) for a statement / counter proposal from BAC - on the bill specifically, but also related issues more generally (e.g., speed limits for bicycles, increased safety, etc.).

(BAC Chair leads the discussion)

Eric Post: Will potentially share a response he wrote in opposition to the bill

Daphne Hope: Will potentially discuss a draft statement from BAC on the issue
