**(Parcel 124050430, 124050460, 124050450, 124050470, 124050440)**

The applicant seeks a courtesy review of a proposal to combine and develop five parcels of land into a single paid parking lot. Rezoning is required to allow for a parking lot use. Mayor and Council approval will be required for the proposed project. WUHZAB may provide comments on the proposed project.

*Vacant lot, Non-Contributing Resource*

*Staff Contact: Desiree Aranda, Historic Preservation Officer*

Staff Aranda presented background on the case. The owner, Mike Golec, presented his proposal to **merge five parcels**, noting that he has already

submitted an application for a lot combination. Once combined, he would be rezoning the lot to HOCR.

**Member comments:**

- Is the parking proposal compatible with the HPZ. Does it meet historic standards?
- No contributing properties are parking lots so it is difficult to provide recommendations
- Members discussed the need for adequate landscaping and screening, making it compatible with what is across the street
- It would be an improvement to what is there now
- Generally speaking, we don't like to have access from the front of the property in the HPZ
- Recommendation: close the driveway on Euclid Ave and push street access to the alleys

**5. Call to the Board**

**Discussion**
