Discussion of ways in which the commission can build awareness of this opportunity to benefit LGBTQ, and adjacent, organizations given the economic pressures that many are facing in the current climate. ### 6. Structure and Efficacy of the Commission

- Evolution of the Commission, remarks by Rocque Perez  
Mr. Perez referenced the recent demise of Tucson Pride and Commissioner Cloud added context regarding the progression of events that lead to its dissolution. Mr. Perez also offered that the LGBTQ+ Commission is underutilized by mayor and council, and shared that he is involved in drafting a resolution aimed at changing the commission's charter in ways that would totally refocus its scope and purpose. A prominent aspect of this refocusing would have the commission act as a "board of directors" with oversight of non-profits that may emerge to fill the gap left by the collapse of Tucson Pride. Next steps are to participate in the upcoming March 23 meeting of the newly formed Pride Coalition of Tucson, and eventually present the resolution to mayor and council for consideration.
