

**Friday, April 3, 2026, 10:00-11:00am**  
**This meeting was held on Microsoft Teams**

## Meeting Minutes

### 1) Call to Order/ Roll Call

Meeting was called to order at 10:02 by Chair Katy Brown

**Present:**

Dan Stormont

Representative, City Manager

Katy Brown

Representative, City Manager

**Staff Members and Guests:**

Michael Catanzaro

Energy Manager, Environmental & General Services

Department (EGSD)

Lindsey Reese

Environmental & General Services Department (EGSD)

**Absent:**

None

### 2) Discussion of research assignments done to date

Reviewed this subcommittee's contribution to the current draft report compiled from separate subcommittee reports

Comments:

- Commissioner Brown requested feedback on the section discussing community culture around water.
  - Necessary for background. Links to articles may or may not be necessary
  - Depicts part of the 'why do we care' or 'why does it matter' to the community
  - There are other publications that could be added to the list
- Need more context of current picture - why does this matter in light of current situation
- Need to note Large Water Users Ordinance - where does it go in the document?
- Need to include the material from the presenters at CCES meetings
  - How to include this info to be a resource for people looking for info in the future
  - Notes, slide decks, documents
  - Useful information
- Concepts to add for understanding - demand vs consumption, clarify some data and charts
  - How to avoid misinformation and get a full picture of issues
- Question: How can this be worked on effectively to complete in a timely manner?

### 3) Compile our section of the Data Center report

Tasks assigned:

- Commissioner Brown - work on narrative version, intro and notes from CCES visitors
- Commissioner Stormont - work on technical items and a revision of the full report to send in Word format to EM Catenzaro for distribution to the CCES

Tasks:

- Katy - narrative of Water culture
  - Intro - Why water matters in Tucson
  - Add (Sonoran Desert unique flora and fauna to preserve)
  - Look at notes above about purpose and avoiding misinformation to add notes about what public education might be useful (demand vs usage, other...)
  - Maybe look at some graphs and charts and explain in layman terms
- Dan - technical items - scope one and two, local environment
  - Will revise the draft full report and send a copy to Catenzaro to send to Katy for work with comments
- Katy start: CCES Commission has heard from the following people in this process during meetings
  - Dan add: What did they provide
  - (Where do these documents get shared or saved?)
  -

Questions: Can there be group working time?

Where are documents saved when shared? Or on the agenda linked?

Can two people work together without violating open meeting laws?

We need to wrap up this report and answer for ourselves that we have done and learned

4) Call to Audience - None

5) Future Agenda Items - none

6) Approval of minutes - tabled for full CCES April 8, 2026 meeting

4) Adjournment Called at 11:01 by Chair Brown

**Under State Open Meeting Law, no topics other than those noticed in the agenda may be discussed.**

Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting the Environmental & General Services Department at

520-791-3175. Requests should be made as early as possible to allow time to arrange appropriate accommodations.
