Attorney Thomas Griffin, representing Mr. Deloria, stated that the issue is a narrow legal issue that has been addressed in the courts. The member is entitled to a disability retirement even if there’s an internal investigation but contemporaneously that member is unable to perform their duties because of a disability. The courts have held that the IA doesn’t matter. As is the case here the member resigned because of disability and unable to perform their duties, they still qualify for a disability retirement even if and this is a quote from the Parkinson case by the Arizona Court of Appeals, the member fears that the results of the investigation would be embarrassing to him or lead to his dismissal. Parkinson and in here, the board accepted the unchallenged IME that establishes that the member is unable to perform the duties of their job. In such a scenario the Court of Appeals in Parkinson and the Alaska Supreme Court addressing an almost identical standard, upheld that the member qualifies for a pension as a matter of law. We are respectfully requesting that this board grant the accidental disability retirement. Dan or I are happy to answer any questions. Otherwise, we don't have anything else.

Performance Evaluations are due May 29<sup>th</sup>. Discussion

After some discussion by the Local Board members, it was decided that the Board Secretary will provide her performance evaluation and that of the 2 local board office staff at the next monthly PSPRS Local Board meeting for review. After the board members agree to the content of the evaluations, Ms. Rosenberry will, on the board members’ behalf, reflect any additional agreed upon comments in the workday system and submit the evaluations.

**J. The Board reviewed the discussion items from the April 2, 2026, meeting for completeness of the record. No ratification was required because no legal action was taken on ITEM 11 FUND/OFFICE INFORMATION**

- PSPRS database shutdown March 24<sup>th</sup> and access is not available until April 13<sup>th</sup> when the new STARS system is scheduled to be up and running.
- The local board office staff have been attending training sessions for the new STARS system and watching videos to learn how to navigate the new STARS system.
- Checks for PSPRS contributions will be replaced by an electronic banking transaction. City of Tucson Finance will need to set up the banking information in the new system.
- The board secretary requested and was provided with a list of City of Tucson contacts. Three City of Tucson PSPRS administrators were identified with the Board Secretary being one of them. The administrators are tasked with setting up access to all users who need it in the City of Tucson. She contacted the other 2 administrators, Teri Traaen, Director of Human Resources and Angele Ozoemelum, Director of business services department, letting them know of their role and that they need to make sure all additional users are set up. The board secretary will schedule a meeting for the administrators, once she has more information, to ensure everyone understands their roles as we transition into the new STARS system with PSPRS.
- There will be a daily interest charge once the system is up and running for any late payments that are 10 days late. This is per statute.
- PSPRS in Phoenix asked the Tucson Local board office if they would consider being part of their soft launch experience on the new system to which the

Board Secretary agreed.

- The board secretary sent an email to each PSPRS local board member regarding an issue with PSPRS members who return to work once approved for disability retirement where the workday system should show 2 actions, a retirement and a rehire action. Instead, they are being transitioned to the new job as a lateral or a demotion. As a result, they are not getting their leave balances paid out at their higher pre-retirement rates and under the commissioned officer payout employer policy. As they go into a civilian position, the payout policies are different and are a disadvantage to the commissioned PSPRS members. Ms. Rosenberry stated that we need to have the facts, this shouldn't be in a recorded meeting with the PSPRS local board members. She further mentioned that a member could still possibly retire under TSRS. The board secretary stated that even if they were to retire under TSRS, the members would be paid out their leave balances under a less desirable civilian policy, and the value of the payout would be much lower.
- The election process now has 3 PSPRS members who submitted their nomination forms, one for Tucson Fire and two for Tucson Police. The election materials have been ordered, and the election process is coming along.
- Tucson Police requested the annual sick leave sellback report, and the local office obtained it from the PSPRS office. However, it had some discrepancies and with the system being down, researching this will be delayed.
- Board secretary submitted the proposed budget to Yvette Hurley, the local board office budget contact.
- Mr. Hackett mentioned that there is legislation regarding the age requirement for Tier 3 retirees.

## **8. PSPRS TUCSON POLICE AND TUCSON FIRE ELECTION PROCESS UPDATE**

Ms. Curbelo informed the PSPRS local board members that the election process is coming along. There are 2 candidates for the Tucson Police PSPRS Local Board vacancy and one candidate for the Tucson Fire PSPRS Local Board vacancy. A memo will be sent to each department with this information with a request that it be shared with all PSPRS members. The ballots will be mailed May 19<sup>th</sup> to all PSPRS members in each department to their home addresses on file. Ballots must be received by the PSPRS local board by close of business June 11<sup>th</sup>.

PSPRS Local board member, Paul Fimbres, expressed his gratitude to Tucson Police PSPRS Local board member, Mark Ewing whose term ends June 30<sup>th</sup>.

## **9. FUTURE AGENDA ITEMS**

- Provide PSPRS Local Board members with a list of issues with the new PSPRS STARS System

## **10. FUND/OFFICE INFORMATION**

- PSPRS' new STARS system has gone live as of April 2026, and the Phoenix office is actively working through all glitches. Not all parts of the system are up and running yet and some processes are still being handled manually. As members provide feedback on issues that they encounter, Ms. Curbelo passes along the information to the Phoenix office help desk. The assigned roles in the system are not defined to know what role should be assigned to a user. The local board office has been working with City departments to identify who needs access and what type of access is needed. The new Tucson Police recruits could not access their data to make their PSPRS elections. The local board office no longer has access to the same information they had in the old system. The Phoenix office suggested that a laptop be available to members to log in so that the local board office could help them navigate in the new system. Ms. Weber explained that she needs access to all member contributions for military leave buyback calculations and this is no longer available to her. Ms. Rosenberry expressed concern about privacy violation in

by having members log into a laptop in the Local Board PSPRS office. A list of issues was provided to Nathan Weber who presented it in a meeting in the Phoenix Office. The board members expressed that an attorney may need to be involved to request access to data the same as before. Ms. Curbelo was asked to provide a list of the issues to the board members and copy the City HR Director, Teri Traaen. Mayor Romero stated that she would appreciate having the list provided to Mr. Weber provided to all board members as well.

- Ms. Curbelo sent an email to both TPD and TFD regarding the new STARS system along with links on how to login and a request that the information be shared to all PSPRS members.
- Ms. Curbelo and Ms. Webb met with City personnel from payroll, finance, HR to discuss the new STARS system and provide guidance to ensure contributions and payments are made in a timely manner.
- Ms. Webb submitted both the 03/21 and 04/04 payrolls in the PSPRS STARS system and invoices were created. She is waiting to submit 04/18 payroll until after the first set of invoices are paid. The account information needs to be set up by the Finance team in the STARS system for the payments to be processed. PSPRS has provided a grace period until the end of May to not charge interest on late payments.
- Ms. Curbelo and Ms. Webb attended 2 recruiting classes, one for Tucson Fire and one for Tucson Police during the month of April.
- Letters were mailed out to recruits who were identified with pre-existing conditions regarding how this will be considered should they ever apply for a disability retirement.
- Ms. Curbelo updated the old ballot template to flow better.
- Ms. Curbelo signed the MMRO contract and has received the signature page
- The local board office at times gets pretty busy with walk-ins and emails from PSPRS members.
- PSPRS members who were approved for a disability retirement and returned to work into a non-PSPRS ADA compliant position have had their personnel record language changed from “demotion” to transfer and a snapshot is being taken of the leave balances at the end of the PSPRS position to pay them out at the PSPRS position rate of pay when they decide to leave City of Tucson employment. Ms. Curbelo expressed concern that while this is a reasonable solution, the employee record does not clearly state that the employee retired from the PSPRS position.
- Ms. Rosenberry stated that she spoke with attorneys from the city and was informed that a letter will be drafted explaining the approach going forward for return-to-work situations for individuals on a disability retirement. She stated that how we move forward is very likely to look different in a couple of ways. She was also informed that the attorney’s office is working with the existing employees who have recently retired and are affected to come up with
